

Cathy's Caribbean Quarterly

December 6, 2012

Merry Christmas! Christmas season here starts really early! Decorations started going up in October at the university rehabilitation clinic where I've been consulting for the last couple of months. When it turned out the classes I was to teach didn't have enough students, I was sought out as a temporary consultant for the new clinic to help it get underway as a model clinic for the students to come to know as they study throughout their university career. We've worked on patient evaluations and patient satisfaction in the short time we've been working together.

Locally in Santa Fe each year in September we walk around town, singing, reading from the Bible and praying as we go to celebrate the Day of the Bible. Tiara and Vicendi are examining their props before the march. This year's march was the longest yet and finished with the Eucharist outside on the street. The men moved the altar onto the back of the truck that had the musicians during the walk and Fr. Felix consecrated the elements there.

Also in the San Pedro area, preventive education is continuing with the health promoter workshops through the community health department at the Clínica Esperanza y Caridad. This picture shows a dynamic group in a community outside of San Pedro a bit. The sun streaming in during the afternoon made for a toasty occasion. Very thankful for a group so interested and involved! Please keep praying for educational aspects in PT and community outreach in Santa Fe! Thank you for your prayers for this ministry! May God bless and guide all you do!
In Christ,
Cathy
