

Avida's house before the construction ministry got involved.

Getting the walls made of cement block in place.

The columns have been poured and they are putting in the filler for the floor.

Roughly the same view after the stabilizing layer was finished and the staggered blocks in place for the roof incline.

Aida listening to Andres, with other ministry team members Jose and Farre in the background.

Aida with some of her grandkids and a young neighbor in front of her finished home.

Lissa and Rosaura learning sliding board transfers.

Dayanara, Francheska and Luis learning 2 point balancing in the wheel chair, a critical skill for community wheelchair users.

Domingo, Joel and Wilken practicing bed mobility techniques for neurological patients.

The class of 2019, most of whom I've had the pleasure to teaching in 7 different classes over the last 3½ years.

Baptisms on Pentecost Sunday, 2018.
